

Happy 100th Birthday Charlie

I know I'm not a Shaw but I grew up thinking I was. Your family was always so good to me. Charlie taught me all that nature stuff whether I wanted to know it or not and Phyllis made the best Dutch oven turkey steaks I ever had. Being a city kid at first I thought Charlie was Ben Cartwright on Bonanza so I naturally tried to be Little Joe. After years of hanging out at the farm I made Liberty my home for over 25 years. Because of your family influence I raised my children near the Liberty Ponderosa that I also loved as a child. Thank you Shaw family for the memories. Love you all. Ryon Hadley
